NASPAA has developed a marketing card for you to use with students who are interested in your school. It is enclosed for you to review.

We are using 'Distinguished MPA/MPP Alumni' as a way to capture attention and direct them to several websites and links with more information on the back.

As a member service, NASPAA is covering the cost for each school to receive a set of 100 MPA/MPP Info Cards at no charge. We have arranged with Pure Postcards to have them send the 100 cards directly to your school. These are free of charge but each school must pay shipping and handling charges on their own. This payment would be done directly with Pure Postcard. They will then mail the cards directly to you. **The turnaround is 10-14 days.**

ORDER FORM (PLEASE CHOOSE YOUR OPTION)

OPTION A: FREE SET OF 100 CARDS (4.25"x6")

Please send me the free set of 100 cards. **Shipping and handling charges will be billed by Pure Postcards. (Approximately \$13-\$23)**

OPTION B: LARGER ORDERS (4.25"x6")

If you need more than 100 cards then you would be paying for them along with shipping and handling. Card prices as follows:

	250	\$139
	500	\$149
	1000	\$179

OPTION C: CUSTOMIZED CARDS (4.25"x6")

We have arranged to let you customize these cards with your school name, contact information, logo etc. The space on the backside in the lower right corner is yours to use. The MPA/MPP logo and paragraph below it would be removed so you can place your info in the **customizable space which is 2 1/4 wide by 1 3/4 high.** Again, you would be paying for these cards as per prices below. You can get bigger sized cards, ask Pure Postcard for costs.

Order	# of Cards	Price

Where can you go with an MPA/MPP degree?

Work in the 'New Public Sector' of government, nonprofits, international, NGO's, education, health, environment and consulting. Cross back and forth between these areas as your interests change. The MPA|MPP degree is flexible and keeps paying off as your career progresses.

"The MPA helped me clarify my true interests and stand above the crowd when it came to finding a job." —*Valentina Sequí, Investment Officer, Inter-American Development Bank*
