

## CQ Public Affairs Collection

A Best Reference Database 2001 — *Library Journal*

***CQ Public Affairs Collection brings together CQ's unmatched storehouse of public policy content in a single, easy-to-use, and fully integrated reference tool.***

Organized by 22 key public affairs subject headings—like Advocacy and Public Service, Education, Environment and Natural Resources, Health, and National Security—the *CQ*

***Public Affairs Collection*** features in-depth reporting on vital public policy issues, statistical and historical analyses, and full-text historic documents and primary source materials.

Ideal for researchers and students of public affairs and public policy, social work, government, political science, journalism, and communications, the ***CQ Public Affairs Collection*** is also an essential one-stop resource for lobbyists, government and non-profit policy organizations, and informed citizens everywhere.

***CQ Public Affairs Collection*** aids understanding with:

- In-depth background and context for every issue, with new material added each week
- Primary source documents and summaries of key Supreme Court cases and legislation
- Encyclopedia entries for important terms, concepts, and milestones
- "Hot Topics" browse feature on today's most important debates
- Vital statistics, facts and figures; Image Library; and Chronology with links to documents
- Lists of related documents, extensive bibliographies, and Web links for further research
- Verified contact information for key government, non-profit, and private organizations.

**State-of-the-art technical features that speed research along ...**

- "CiteNow!" for easy citation in 4 styles—bibliography entries "to go" with one click
- "Your Profile" features that let you mark and save favorite documents and searches
- E-mail and printer-friendly formatting options
- Simple and Advanced Boolean searching
- Remote access and usage statistics.

Here are just a few responses from librarians on the development of the *CQ Public Affairs Collection*:

***"This product would eliminate the need to search on the same topic with multiple print and online sources."***

— Ann Roselle, Eastern Washington University

***"It would fill a gap in our database coverage and be a boon to our political science classes."***

— Rebecca Byrum, Valparaiso University
