Forced Migration Challenge

World 1  
Country Urmm

P

---

**Urmm** is a country with a rich cultural history, a temperate climate and shares borders with Kyapera, Capalla, and Durrit.

Urmm is the country of first asylum for most Kyapereens. The arrivals have been provided with supplies and granted en masse temporary humanitarian protection, but have not been allowed to work till now

### Action Strategy:

Improving Migrant Integration  
Stimulating Domestic Economy  
Protection of Human Rights in Altrippa

### Why should we help out?

The border with Kyapera is prone to earthquakes hence people can't be held at the border

Native Population: 14.7 Million (Sparsely populated)

Proximity and Large Border shared with Kyapera

Secular Nation with a zeal for Human Rights

## GOAL 1: MIGRANT INTEGRATION

We have taken in the maximum migrants (~50% of Kyaperese migrants in the period 2018-2024)

# GOAL 1: MIGRANT INTEGRATION

We have taken in the maximum migrants  
...And are training them well and preparing them for integration!

For Integration,  
Permanent Residency Period= 3 years  
Naturalization= 6 years

Refugee Employment

Discord in Native Population

Local Population has been satisfied with migrant influx, as per the Discord graph, as the refugees have been made capable, taught the local language and are contributing to the local economy. We focused on providing startup loans and vocational training

## GOAL 2: STIMULATING LOCAL ECONOMY

GDP has risen with rise in migrant employment. Our economy was stagnant and they bring new skills.

Refugee  
Employment

% GDP Change  
between 2018-  
24

## GOAL 3: PROTECTION OF HUMAN RIGHTS

We have spent extensively on Health and Labour benefits and it shows!

2018-24

## Policy lens for Urmm

- ✓ Preparing for longer stay of migrants in Urmm.
- ✓ Measures to minimize potential negative consequences, maximize benefits need to be introduced.
- ✓ Immigration policy that prevents a reaction from local communities.
- ✓ Social integration problem- improve receptivity of the host community- holistic policy covering education, working conditions, accommodation, social services.
- ✓ If effective, refugees might continue to contribute to the diversity and development of a multicultural structure in Urmm in the long run.
- ✓ Strengthen bonds with neighbors, economic and political cooperation in the future within the Altrippa Region.

## Tactical measures:

- Officially registering all migrants.
- Increasing capacity of hospitals and educational facilities.
- Facilitating work permits, for integration.
- More authority to local administrations.
- Co-ordinating between local and central authorities, generating extra capacity and budget for municipalities.
- Increasing international aid, increasing border security.
- Fairly sharing or distributing the refugee burden.
- Developing programs for Urmmish people to accept refugees, correcting the stereotype against Kyaperians.
  - preventing begging, and
  - bolstering the efficiency in law and order,
  - building a capacity for refugees
